REINVESTMENT  
UPDATE\_NOV 2022.d

-Current Reinvestment plans updates/status/outcomes (Deanna)

CFST Literal  
Comments NOV 2022

- V. Sharing of Consumer/Family satisfaction team (CFS/T) member comments (Deanna)
- VI. Stakeholder feedback, recommendation(s) and requests for further study to determine feasibility of recommendations using future reinvestment funds.

**Next Scheduled Meeting: February 28, 2023, 10:00-11:00**

## Recent Stakeholder and Committee Recommendations

1. Jennifer drew attention to the inadequate supports provided to incarcerated individuals with behavioral health needs. The committee discussed the current services and supports that are presently available in both Lycoming County Prison and the Clinton County Correctional Facility (MH and SUDs assessments, case management, and peer support) and what forms of additional help might be beneficial to this population. Suggestions included assistance with re-establishing MA eligibility, securing housing, and supports to help facilitate transition back to the community.
2. To help adults who are struggling to parent with mental health or substance use issues, parenting education and supports are recommended as a potential future reinvestment plan.
3. Carole shared that the new federal Family First Preservation Act will require counties to develop resources and processes that support family preservation and prevents children from being placed out of the home in residential treatment facilities. Reinvestment funds may want to be directed towards activities and services that provide support to at-risk families.
4. Deanna shared plan ideas that have derived from Oversight and Internal Meeting discussions. Keith suggested moving forward with gathering information and data regarding Peer Specialist Transitional Supports to present for the consideration of the committee.
5. Teresa Bower noted that there is a shortage of counselors who are knowledgeable in eating disorders, such as anorexia. She also noted the ongoing shortage of services by psychiatrists. Jacque agreed with both her suggestions and added that the shortage of psychiatric services is a problem nationwide.
6. Denise Feger from Crossroad discussed consideration of any available reinvestment funds. Crossroads is considering starting a structured mental health outpatient program that would run about 9 hours per week. It would look like the structure of the methamphetamine program or their structured Intensive Outpatient (IOP). They would use these services for individuals in mental health court and those facing chronic mental illness.
7. HealthChoices staff shared about a program called MST-PSB and shared an outline of the program including how it could benefit the members of Lycoming/Clinton counties.
